Altman Investment Management Named to PSN Top Guns List of Best Performing Strategies for Q1'2022

Quarterly PSN Top Guns List published by Zephyr identifies best-in-class separate accounts, managed accounts, and managed ETF strategies

Princeton, New Jersey – Altman Investment Management is pleased to announce its Fixed Income strategy has been awarded the celebrated PSN Top Guns distinction by Zephyr's PSN manager database, North America's longest-running database of investment managers. The highly anticipated list, published by Zephyr, remains one of the most important references for investors and asset managers, recognizing the top 10 performers in the peer group for the period ending March 31, 2022.

"We are honored to receive a 2-star Top Gun rating for our Fixed Income investment program. We are proud that this distinction reflects on our long-standing discipline of staying the course despite compelling arguments to the contrary. Our short duration high quality asset allocation reflected our belief that bonds were both overvalued - and would be subjected to elevated volatility associated with the uncertainty of a Fed policy response to a shift in long term inflationary expectations. The strategy to remain in the investment grade markets, and comparatively low duration, highlights our continued attention to risk management disciplines that are the hallmarks of our process." said Peter Altman, President of Altman Investment Management.

Through a combination of PSN's proprietary performance screens, the PSN Top Guns List ranks products in six proprietary categories in over 75 universes based on continued performance over time.

Altman's Fixed Income program earned Top Guns status in the 2 Star (Core Plus and Intermediate Core Plus Universes) category, which represents top ten returns for the one-year period ending March 31, 2022.

“With the growing interest in separately managed accounts, the PSN Top Guns List has attracted greater attention,” says Margaret Tobiasen, SVP of Data Distribution who cites PSN’s pioneering efforts as the first SMA database as the reason for the list’s popularity. “[XYZ firm] has done remarkable work and we are pleased to include them as a top performer.”
